INTERIORS

Before

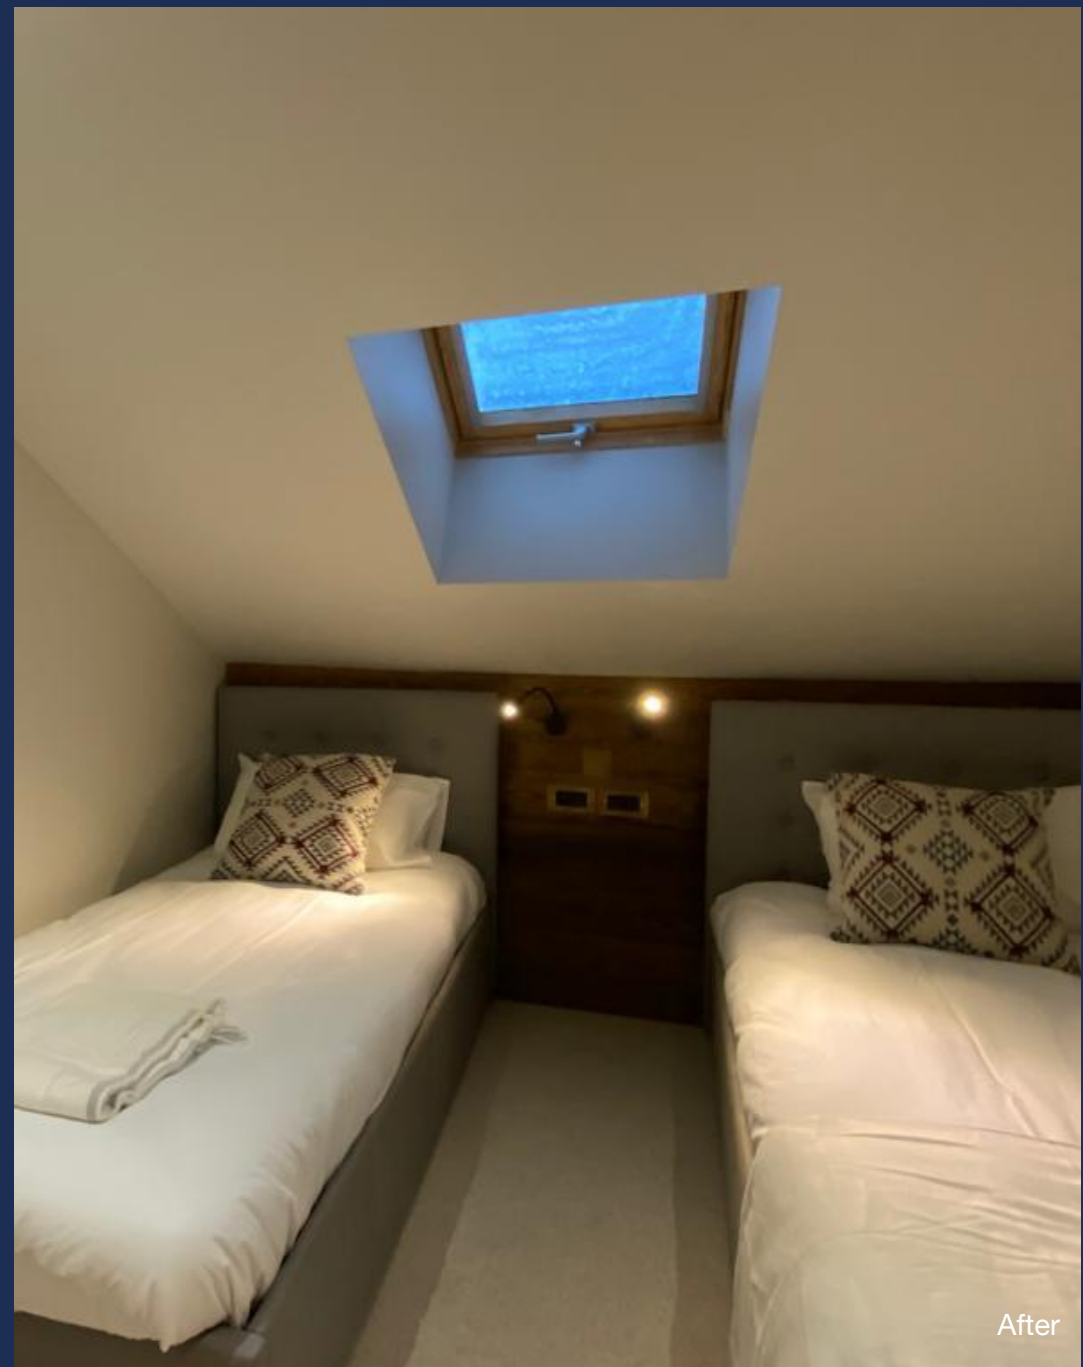

After

This project in the Alps was a complete renovation and redesign of a 3 bedroom apartment. Secondhome Interiors participated in the choice of materials and accessories for the renovation and sourced furniture and accessories in line with the clients vision to complete the beautiful apartment.

Our service to you:

- Source furniture and accessories based on your personal taste so that you have an interior that reflects you and/or is suitable for the rental market
- Ship your furniture and accessories
- Install and build your furniture and dress the property with your accessories
- Take away the packaging and clean the property ready for your arrival
- We can propose to you a package from just few pieces of furniture to a complete pack including all linen and cutlery etc. It is very flexible.

Secondhome Interiors work alongside a renovation company who we can strongly recommend.
